Ideal Rental

This weatherboard home is located in a quiet cul-de-sac. It has an open plan living area with a separate kitchen. Reverse cycle heating warms up the cosy home on those colder days. There are three bedrooms and an upgraded bathroom with a separate toilet.

This home does need some maintenance but that is reflected in the price. Currently, there is a lease in place until December 2022 paying \$300 per week. The backyard is huge and there is good access.

Call Peter Wiggers today for your private inspection.
