

18 Croft Avenue Devonport TAS

3 1 1

Beautifully renovated, number 18 Croft Avenue is so full of sunlight that compliments the warm wooden tones, and crisp white joinery. The floor plan has been well thought out, and is practical for so many - including singles, couples, and families.

Open plan and possibly the biggest asset in the home, the kitchen, living, and dining area is perfectly positioned to take advantage of the sunlight all day long. The original polished floor boards reflect the natural light and fill the area with feelings of warmth and space. The kitchen is updated, and features marble-look bench tops, white joinery, and quality appliances, including a built-in microwave, and plenty of storage. Two black pendants give the space a feeling of modern luxe! This area is temperature controlled by a Daikin heat pump.
